

Meeting Pembrey. 6-7-83.

A good turnout assembled at Pembrey and had a run around the 2 tracks thought out by Mr McKello of Dunlop and Robert Allender. The members then went to the Cothi Bridge Hotel where Barry Reece and Martin Williams were elected as Chairman & Vice Chairman respectively. A general discussion arose on the proposals set before the meeting which centred on our ability to carry through our plans.

It was apparent that no help would be forthcoming from the National Clubs in the initial stages and that we had no alternative but to try to push forward ourselves. Mr Alun Williams of the Vale of Cothi m.c. pledged his support and told us that he could probably put 200 marshalls into the field when we began to operate. Barry Reece proposed that Mr Robert Allender be given a vote of confidence and be told to carry on with his work. This was passed unanimously. Meeting concluded 10.30.

Subsequently Mr. A. Williams of Llorelli Borough Council was contacted and he suggested arranging a meeting to discuss our plans sometime in early August.

Re Allender
